Welcome Home....

We have been delivering progressive but traditional tanker port agency services for over 50 years.

We do what we do best where it counts at the ship side working in partnership with the Captain, crew, local port & terminal operators and a supporting cast of many third-party suppliers.

We believe that shipping is about people and that relationships are central to understanding and delivering upon expectation. We understand the importance of technology to deliver our service, but we never forget to connect with our customers face to face. We welcome the opportunity for clients old and new to visit our offices, attend our events and get to know us.

Best Service Provider For Demand Shipping

01.

Our staff members are a valued resources and we employ people with a 'service first' attitude who always want to do their best and are passionate about what they do. We are a fully independent Italian company and offer a transparent, flexible approach to port agency. Our door is always open to any customer that is looking for a more personal approach to shipping.

Port Agents are always on duty and available but traditionally contacting someone out of hours can often mean having to wake someone in the middle of the night who might not be fully focused on your immediate needs. Our 24 hours support team is a fully manned and focused team of individuals that are available in the office 24/365. So, if you need assistance at any time of the day or night – from any time zone - we can help!

About Our Company's History

We are focused on delivering quality, traditional port agency services where it counts – in port at the ship side. We make sure that each port call is handled with the care and attention it deserves by experienced shipping people with a forward facing transparent approach. So, whether you are looking for husbandry assistance, a port cost estimate, a vessel suitability study, or you already have a ship fixed we are here to help you at any time of the day or night, either through one of our local offices or via our fully manned 24 hour a day support team!

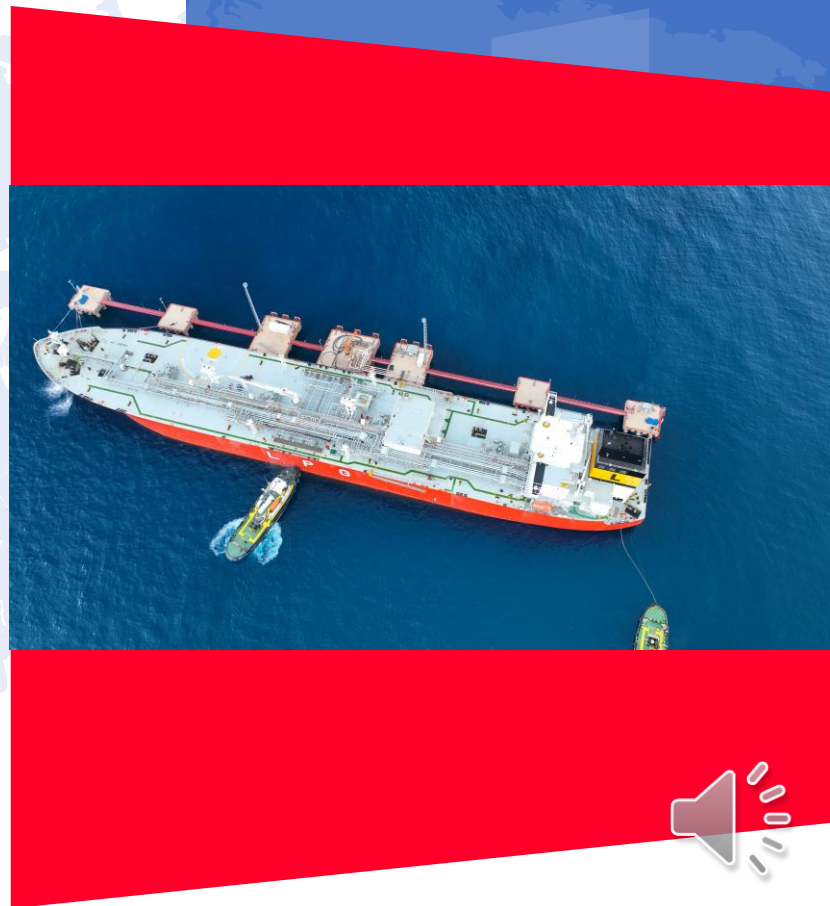

About Shipping Agency's Vision Here

Taking our traditional port agency services and applying a wider perspective, DANI SHIPPING can offer assistance on a Global scale through our network of independent partner agents. Essentially "*project managing*" takes your port calls on a continuous basis and opening doors so that you can access local knowledge whilst maintaining a reassuring familiar central point of contact.

We are here to help and guide as local agents and managing communications or financially by checking local port costs and arranging a transfer of funds.

We are ready and able to provide assistance wherever you need it!

01 Best knowledge

We operate in La Spezia port since 1964 and we have consolidated our knowledge next to the discharging LNG Terminal.

02 Best Service

Thanks to our sisters companies we provide a perfect service to assist the ships and crew 24 hours a day: handling of spares, luggage and crews.

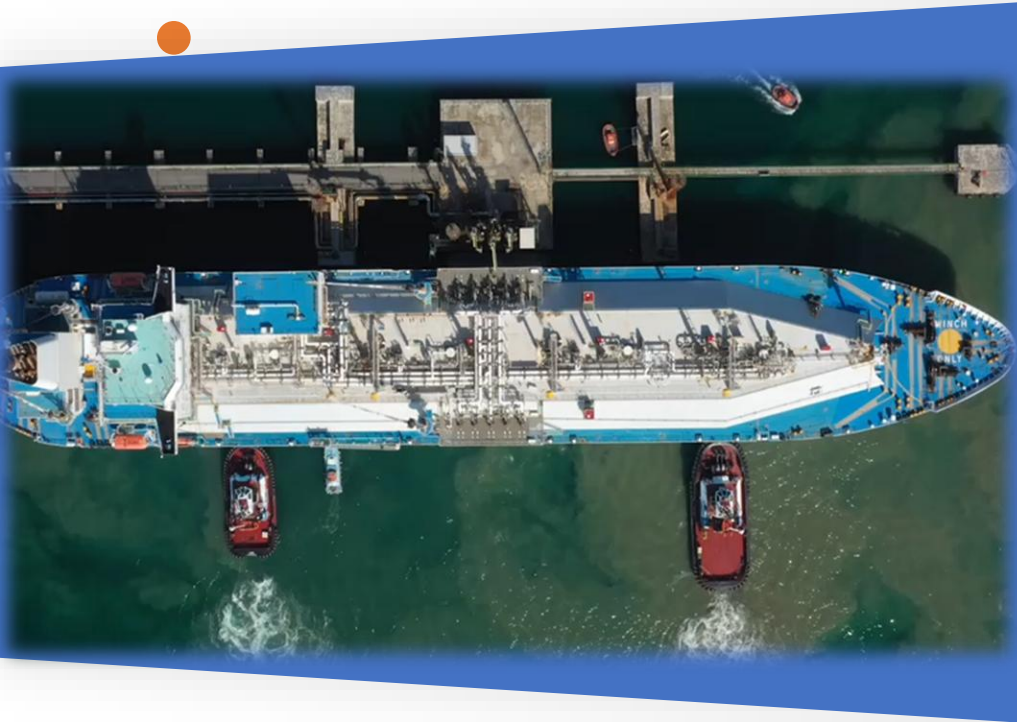

03 Best price

Be sure for a competitive price for all granted services either with the vessel at anchor and when the vessel will be alongside.

About Shipping Agency's Mission

We Are Provide ?

LNG shipping markets continue to grow and to serve this specialised sector of the industry in DANI SHIPPING have focused on tailoring our traditional port agency services to LNG movements. We cover all major LNG terminals including Panigaglia, OLT Offshore e Adriatic LNG and all our attending ships agents are fully trained to understand this specialized sector of the industry.

We provide the ship's compatibility study with both, loading and discharging terminal, to secure our customers and our principals.

To make port calls, specialized operational, commercial and technical skills are required to deal with regulatory, technical and operational requirements. We guarantee daily information on the progress of commercial operations, and we can open a web window to allow you to check operations from the comfort of your desk.

Mario Talierno
Senior Ship Broker
Specialized for LNG & LPG ships

- 83.5% of the LNG vessels were handled by our Agency last ten year. It is a feat that we are proud of and we aim to continue our legacy.

Pamela Prpic
Sale & Purchase for dry cargo,
Project and bulk vessels

- We have always provided important information to our customers to allow the development of their activities at the Panigaglia and Livorno terminals.

Why Choose Our Shipping Agency ?

We represent several LNG ship owners in the port of La Spezia and in most cases we take care of assisting LNG ships from the management point of view:

- **crew rotation,**
- **supply of bunkers,**
- **water, spare parts and basic necessities.**

We took care of organizing maintenance & repair works by organizing and coordinating access boarding technical workers for the repair of small and large maintenance interventions, providing barges and boats for the transport of passengers, managing all the paperwork with the local authorities and in compliance with all relevant safety rules and regulations.

We operate 24/7 including all holidays..

Shipping Agency Services

Husbandry

Assistance to the ship and crew, arrival & departure formalities from the port

Manning

Covid-19 Rules and regulation applied in advance with particular assistance to all crew at the arrival in the airport

Warehouse

We provide a spares and food delivery service upon vessel arrival. We collect all spares and other oil samples

EU-ACD

ENS Import is required when a ship is either arriving into the EU community from a foreign port or departing to a foreign port.

Custom Formalities

Custom operations at all level with possibility to control all operations directly from our offices.

Logistic & Bunker

Coordination for bunker supplies and quality surveyor.

Innovative and **Integrated** Is Our Advantages, To Provide The Best **Services**
